

## Interesting Trends - April 2021

### Vivo X60 Pro Features

#### Motion Autofocus

<https://youtu.be/sUjFW4xJlNk?t=320> ( duration 5:23 to 5:35 secs )

#### Interesting things to ideate

- In case of low light, when regular AF fails, after a scene is enhanced, can the focus be made?
- Intelligently choose an AF based on the scene? Saliency based?

#### Night Mode - Filters

<https://youtu.be/sUjFW4xJlNk?t=429> ( duration 7:09 to 7:23 secs )

#### Night Mode - Panorama

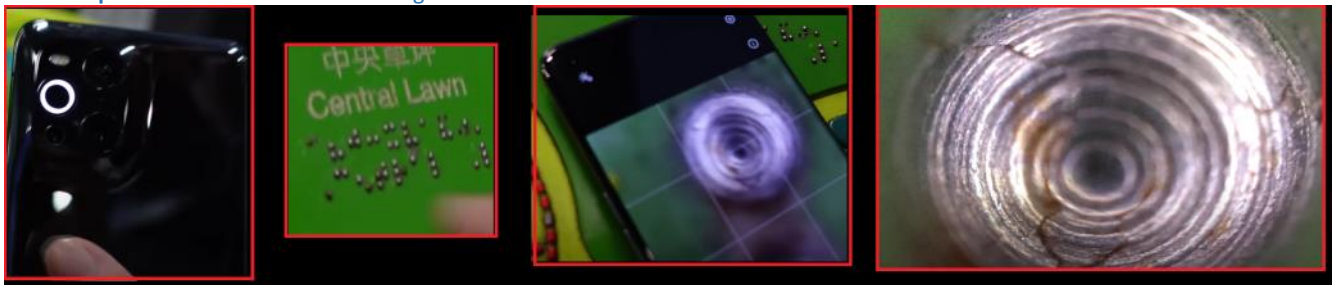

<https://youtu.be/sUjFW4xJlNk?t=527> ( duration 8:47 secs to sec 9:01 secs )

#### Interesting things to ideate

- Based on the lighting condition at night, warm or cold tone filter can be suggested?
- Any interesting effect at night can be provided?
- How is AF hunting during panorama can be taken care?

### Opportunity Find X3 Pro

#### Microscope mode - Micro lens + flash ring

<https://youtu.be/18sl63WCx0E?t=465> ( duration 7:45 to 8:41 secs )

### Google Photos - Cinematic Photos

Similar to dolly zoom
